# How To Squeeze As Much Money As You Can From Your Affiliate Efforts

## **I want to specifically reach out to affiliate marketers.**

If you are an affiliate marketer, of course you promote other people's products/services in exchange for commissions right? You'd most likely ask questions like "what is the highest paying affiliate program?"

Now, the process of doing affiliate marketing correctly to get as much commissions as you can is by no means easy – nothing that brings about great reward is easy by the way. You've spent so much time and effort promoting other people's products; of course it makes perfect sense to try to squeeze as much money as you possibly can from your efforts.

## **How Do You Squeeze As Much Money As You Can?**

If you're like most affiliate marketers, you'd probably do that by promoting products that pay you the highest commission right?

However, that's not the smartest thing to do.

Let's run some numbers to give you a clearer picture:

=====

*Product A sells for \$97 and affiliates get paid \$48.50 per sale. Product B sells for \$47 and affiliates get paid \$23.50 per sale.*

=====

At first glance, it makes more sense to promote product A instead of B because the commission is higher. But if you think deeper, that may not necessarily be the case.

What if I told you the example above is only part of the story – meaning the story is not complete...

The whole story goes like this:

=====

*Product A sells for \$97 and affiliates get paid \$48.50 per sale. Product B sells for \$47 and affiliates get paid \$23.50 per sale. B's product owner, however, pays MULTIPLE commissions for*

*his multiple products bought by the SAME customer; whereas A's product owner only pays ONCE – meaning he does not pay commissions if the same customer buys his other products.*

=====

Now... which one is more interesting to you? Which one do you want to promote as an affiliate marketer?

**My Point Is This: Since you are spending precious time and working hard to promote other people's products, you should squeeze as much money as you can from your efforts – and the way to do that is by promoting a product(s) that has the highest affiliate payout.**

**BUT remember that the highest affiliate payout is NOT determined by how much commissions you get from a single sale – rather it's determined by how much each visitor you send to the product owner is worth now AND ALSO IN THE FUTURE.**

In our affiliate program (the [Get Profits Fast Affiliate Program](#)) you can be sure that your visitor value is **MAXIMIZED** by us now AND ALSO IN THE FUTURE.

How?

By employing 6 important affiliate benefits that most, if not all, affiliate programs lack...
